Locally owned and operated since 1984, ABC Longhorn Moving is a HUB Certified, woman owned business with an A+ rating from the Better Business Bureau since 1989. For 34 years, we have maintained a reputation for high standards and excellent customer service, and we guarantee the accuracy of our quotes within 99% with very few surprises. As Austin's A+ moving service, we have specialized in Senior Transition move management services since 2008.

Key to our success is our partnership with Linda Carter of Life's Next Step. Linda holds an Executive Certificate in Senior Move Management and Home Modifications, and is a member of the National Association of Senior Move Managers where she received the "Circle of Service Award". She has been an integral part of our "Bundled Move Management" services for seniors in transition as she manages the organizational down-sizing process, packing, unpacking and new home set-up service with our clients while we manage the moving and transportation of personal items. Our comprehensive project management services means a centralized, "one-stop" moving service for you with no juggling of multiple contracts, deposits, schedules or bills – just one service, one bill, one payment. Simple.

We guarantee the accuracy of our quotes within 99% and very few surprises. Contact us today for a quote!

SERVICES OVERVIEW

On-site Walk-Thru

We will come to your home, introduce our company and the services that we offer, take an inventory of what services you need and get a bid back to you promptly.

Accurate Bid Formulation

We understand that submitting an accurate and detailed bid for your move is an essential part of starting a move off right. We take pride on understanding our customers' needs and delivering on those needs.

Our pricing is based on the conditions of the move and inventory you're moving — not on time, weather, how the guys are feeling, or if the customer is ready like many other moving companies. We provide a set price, so you know exactly what the costs will be without any surprises or last-minute additions at the time of the move. Our movers are not on the clock — they will be on site until the job is completed without any pressure of time constraints.

Pre-Coordination Meeting / Organizational Management

We believe that preparation before any move is essential. We will set up a pre-coordination meeting with you before your move to ensure that you have all the necessary information you will need to be prepared for the movers when they arrive.

We provide an extensive organizational management system to ensure the move-out/move-in process is quick, efficient and accurate. Unlike other moving companies, our comprehensive moving system includes grid sheets to identify placement of items, and a colored labeling system at no charge.

Quality Assurance Process

Soon after your move is complete, we initiate a thorough review to ensure you are completely satisfied. We strive for 100% complete satisfaction, and want to understand all aspects of the move to ensure your experience was a positive one.

When my husband and I relocated to Dallas, we called ABC Longhorn Moving on the recommendation of a friend. Mary was extremely helpful, and she helped put my mind at ease knowing that the moving team she selected would take care of us. I was stressed thinking about how to downsize and move from a 2-story home to an apartment in a new city. But, Jimmy, Tiger, and Zach were such an amazing crew that wouldn't let us lift a finger and had all of our belongings safely delivered. They even kept us laughing through the day. I highly recommend ABC Longhorn Moving!

Great customer service – the movers stayed on task and were very careful with my items. They set everything in place and even moved things around after I changed my mind. Set my bed up, you name it. Mary followed up with a call afterwards. And all for a reasonable price. Love these guys and will use them again!
